

DISCO

On 8th June Inspire! turned into a boogie wonderland as everyone gathered together for our **1970's** inspired group. Joined by the wonderful **Mushroom Theatre Company** we were taken back to the ABBA days with some truly powerful displays by their talented performers. We were absolutely delighted to welcome **Military Illusionist Lance Corporal Richard Jones, Ambassador for Together for Short Lives** who wowed us with his magic skills before mingling and have photos with all our star struck attendees (staff and volunteers included!) The day finished with an incredible set from **Pros & Cons** who sung all the hits from the disco decade. During the afternoon we were also treated to some beautiful **body art by Rhona from Paint Me Pandora** who transformed us with

flowers and sparkles. A huge thank you to everyone involved and for making the group possible! We're looking forward to our next group where we will be **travelling back to the 1980's!**

PEACE
